

All day training Course for Skills based caring (The New Maudsley Method) for eating disorders.

Professor Janet Treasure
Ms. Gill Todd
Dr. Amy Harrison

The aim of this course is to enable practitioners to have the skills and knowledge about the theoretical background and practical delivery of Skills based caring (The New Maudsley Method). This intervention is designed to facilitate the role that carers have in “task sharing” i.e. giving support for people with eating disorders.

Date: Friday 29th June

Location: Franklin-Wilkins Building
King's College Waterloo Campus

Ticket price: £90 – Reduced fee £45

If you are a TRIANGLE PI you are eligible for a reduced fee £45
